

20 March 2003

Dominique Piotet

Directeur des Études de l'Atelier / Head of l'Atelier studies Head of Consulting on Innovations and New Technologies – Group Development

For 25 years, at the forefront of innovation

- ➤ New Technology (NT) watch
- Identification of NT useful to Compagnie Bancaire's lines of business

In the early 1990s, the advent of the internet allowed l'Atelier to open up to the outside world

- In the vanguard of NT progress
- Missionary zeal
- Emphasis on the community

FELIER A passion: acquiring new knowledge and sharing it

- **➣** The change in market demand: from buzz to the need to understand.
- > Providing different ranges of products and services:
 - for the organisers of events
 - > for consultants and consultancies

Studies conducted by l'Atelier

- **☒** A dozen general interest studies a year.
- Dedicated studies conducted on request.

☒ Download our latest study:

- ➤ "Au nouveau « Bonheur des Dames »": an analysis of the take-off of e-commerce in 2002 (available on l'Atelier's website: www.atelier.fr).
- > The next study: "e-marketing". Available from the end of March.

l'Atelier Club

- ★ The l'Atelier club is a think-tank and a forum for discussions on the future of the internet.

The benefits of l'Atelier events

- Building bridges between markets and players
- A network of contacts

- A highly reputed forum for exchanges
- A pool of experience and expertise.

Workshops

Over a period of 15 years, more than 10,000 innovative companies have participated in l'Atelier workshops.

The aims of the workshops

- To introduce new entrants.
- To present new solutions (live demos etc.).

The format

- Meetings last 1 hour and 30 minutes
- Workshops announced by l'Atelier
- Free of charge for l'Atelier participants (registration: go to www.atelier.fr)

Conferences

For two years, l'Atelier has formed partnerships with key players.

The aims of the conferences

- To take stock of the market state of the art
- To provide answers to sets of problems

Format

- Length of conferences: one whole morning
- Invitations sent by l'Atelier
- Free for l'Atelier participants (by invitation)

ELIER The next conference

From IT/IS cost-cutting to IT/IS cost optimisation

With IBM, Cisco Systems etc.

Thursday 3 APRIL – from 08.45 hrs to 12.30 hrs
