

THE GROUP'S NEW COMMITMENTS TO THE ENERGY TRANSITION

THE SCIENTIFIC AND POLITICAL CONSENSUS IS THAT WE NEED TO REVERSE THE CURVE OF CO₂ EMISSIONS TO LIMIT GLOBAL WARMING TO **2°C**.

IN THIS CONTEXT, BNP PARIBAS HAS DECIDED TO STEP UP ITS EFFORTS IN THIS AREA.

FINANCE THE ENERGY TRANSITION

WE COMMIT TO THE FOLLOWING ACTIONS:

- STOP FINANCING **COAL-FIRED POWER PLANTS** IN HIGH-REVENUE COUNTRIES AND REINFORCE THE SELECTION CRITERIA IN OTHER COUNTRIES
- ONLY FINANCE **COMPANIES** WHICH ARE COMMITTED TO DIMINISHING THE SHARE OF COAL IN THEIR PRODUCTION
- STOP FINANCING **COAL MINES**

DOUBLE OUR FINANCING IN THE RENEWABLE ENERGIES SECTOR
TARGET: €15 BILLION BY 2020

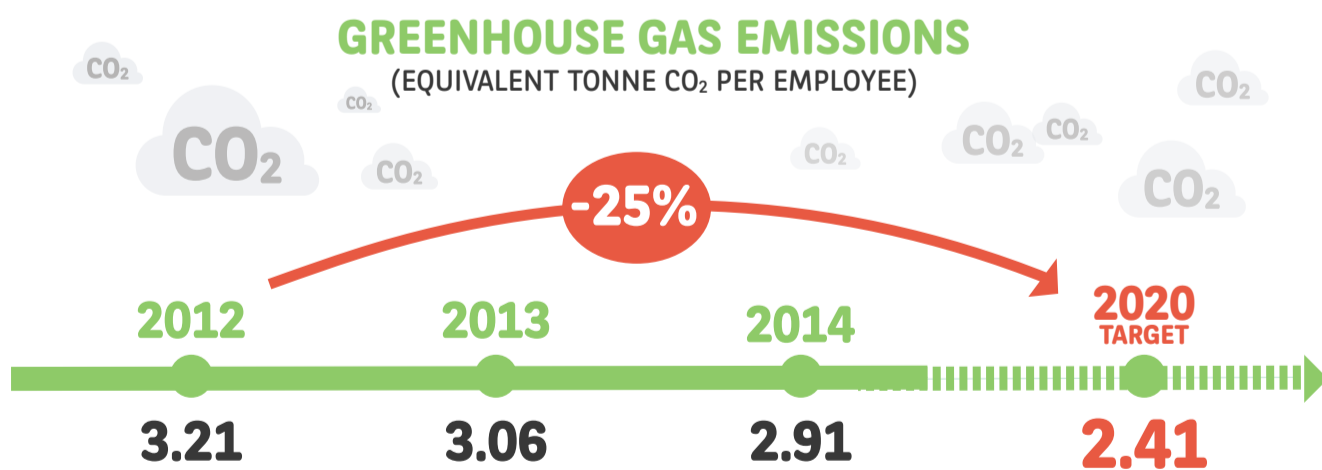

RANK AMONG THE TOP 3 ISSUERS OF EURO-DENOMINATED GREEN BONDS

SUPPORT START-UPS WHICH INNOVATE TO ACCELERATE THE ENERGY TRANSITION
INVESTMENT: €100 MILLION BY 2020

REDUCE CO₂ EMISSIONS RELATING TO OUR OWN DAY-TO-DAY OPERATIONS

IMPROVE OUR KNOWLEDGE ABOUT CLIMATE CHANGE

Since 2010, the BNP Paribas Foundation has been developing the Climate Initiative, a programme which supports research into climate change.

- **€6 million**
- **Support 10 international research projects**
